ABOUT ME

I am a passionate conceptual thinker who believes in a positive attitude and the freedom to explore fresh ideas. Described as hard working, caring, versatile, spirited, witty, stylish, and loyal. Positive consumer interaction is everything. Problem solving brings me great joy. I'm always down for an adventure or pizza.

DESIGN EXPERIENCE

Digital Designer at Pep Boys – July 2018 to Present

Part of the in-house digital team tasked with building landing pages, emails, and web assets. Was part of the re-branding process including creating templates and updating existing web pages to create a cleaner, modern feel.

Creative Services Manager at Content Watch – June 2017 to July 2018

Lead graphic designer in charge of all email aspects from design to send. Over saw design of social media imagery for start up app. Created joint branded documents for an International Phone Carrier to be displayed on their website. Instructed brand practices to design interns.

Graphic Designer at Content Watch – June 2016 to May 2017

Created web and social media imagery as an in-house designer for an international brand to increase marketing sales. Designed weekly emails and flash sale promotion campaigns. Tested new web page designs to improve user experience. Played interior decorator for our growing team's office space.

Internship at Lehigh Mining and Navigation – Spring 2016

Assisted with editorial design, identity branding, logo updating, and event signage under supervision of an Art Director while learning about client relations and work flow.

Designathon – Spring 2014 and 2015

A 24-hour freelance event, collaborative project to create design pieces for local non-profit organizations. Role as graphic designer and interactive designer consisted of logo design, websites, and presentation boards for the clients.

SKILLS

Strong conceptual thinker, excellent time management, and pop culture liaison. I work well independently or in a team. Proficient in Adobe Creative Suite (Illustrator, Photoshop, InDesign, Dreamweaver, After Effects, Bridge) and basic knowledge of HTML5, CSS, SASS, JavaScript, JSON, PHP Wordpress, and front end build tools.
